It is hard to believe that our Community Center is entering its 69th year of serving the Newfound Community but we are. The success of the Community Center program is a direct result of the amazing support that we receive from our communities and beyond. This support comes in many forms - volunteer hours, financial donations, program participation and sponsorships.

Some examples of how blessed we are:

- 450 individuals volunteered an average of 20 hours each in 2013.
- Donations increased by 17% in 2013 to $49,000.
- Youth participation in programs increased 23% in 2013 bringing it to 744 individual youth.
- 180 business sponsorships provided $32,600 in revenue for 59 sports teams, our 5K Jingle Mingle, the NH Marathon, our Tee It Up 'Fore the Kids' Golf Classic and the Westward Bound Teen Expedition.

The Center is built on community collaboration and is truly the hub for the planning & implementation of events and programming for the Newfound Region. We took over the NH Marathon when the Newfound Chamber of Commerce disbanded. Dan MacLean, TTCC Assistant Director became the new Race Director in 2013 taking over the reins from Everett Begor. Everett served in that capacity for 13 years and built this event into a world class race that was named as the ‘Best small town race’ by Runner’s World in January 2013. This year the race raised $28,500 that was split between the TTCC, The Mayhew Program and The Circle Program.

The TTCC staff serve on the Bristol Community Events Committee which oversees the Summer Concert Series on Kelley Park as well as other town events. These concerts are a collaboration of the Town of Bristol, Bristol Shop n Save and the TTCC.

The Center is the Community Based Organization for the 21st Century Learning Centers Grant which the Newfound Area School District received. In the past two years these grants have brought in $1,600,000 to the Newfound communities for quality After School programs for our youth. A portion of these grant funds provide the TTCC with additional summer staff and employment and program opportunities for High School youth.

For these reasons and many others the TTCC continues to be a vibrant resource for our communities. But clearly the most important reason that we thrive and grow is that we put the youth of our community as our primary focus. Our Council & Staff believe that our purpose is to offer a safe & healthy atmosphere that enables our youth to be challenged and valued as individuals. We are so fortunate to live in a community that continues to prioritize the nurturing of our amazing kids.

Thank you for making this all possible through your donations. Our success is a direct result of your support!

2013 Westward Bound Teen 10K Marathon Winner

Project KNOTS @ Georgiana Falls

Organization Description

The TTCC was founded in 1946 by a group of visionary men & women that understood the importance of providing a safe and nurturing environment in which children and families could participate in recreational activities. The building the TTCC is housed in was built in 1890 and serves the community well.

The TTCC currently offers a diversified program of youth activities that include summer day camps, youth sports, after school programs, teen dances and special events. Among the activities offered for adults are basketball, fitness classes, volleyball, badminton, dancing, karate and the award winning ‘Shape Up Newfound’.

The TTCC is recognized throughout the State of NH as a model for rural recreation departments and has received a number of awards from the NH Recreation & Parks Association for outstanding programs and staff. In addition the Community Center is the sponsor for the Cub Scout program in the Newfound Region and the building is used by more than 20 local organizations for meetings, events and activities.

“Thank you for helping me raise 2 kids & a little grandson for awhile, helping me to keep a balance in a new community in unchartered waters.. for giving my children opportunities I could not of given them alone. THANK YOU!!!!” - Kathleen
