The TTCC was founded in 1946 by a group of visionary men & women that understood the importance of providing a safe and nurturing environment in which children and families could participate in recreational activities. The building the TTCC is housed in was built in 1890 and serves the community well.

The TTCC currently offers a diversified program of youth activities that include summer day camps, youth sports, after school programs, teen programs and special events. Among the activities offered for adults are basketball, fitness classes, volleyball, badminton, archery, karate and the award winning ‘Shape Up Newfound’.

The TTCC is recognized throughout the State of NH as a model for rural recreation departments and has received a number of awards from the NH Recreation & Parks Association for outstanding programs and staff. In addition the Community Center is the sponsor for the Cub Scout program in the Newfound Region and providing them with caring adults that will support them as they travel the path to adulthood.

You help us to teach our children the value of volunteerism by giving them opportunities to make a difference in their community. With your help we have established an active Teen Council that oversees activities for younger children, provides service to community organizations and raises funds to help with special projects.

Your donation guarantees that we can continue our long tradition of mentoring the youth in the Newfound Region and providing them with caring adults that will support them as they travel the path to adulthood.

We are so grateful that you choose the Tapply-Thompson Community Center as an organization to support. We promise you that your donation will make a difference to community organizations and raises funds to help with special projects.

Thank you for believing in us. We are grateful for you!

“We are entering our 71st year of serving the Newfound Region. Some would say that we are the heart of our community and we would hope that this is true. But at the heart of what we do are the hundreds of volunteers that give of their time and energy to make our programs successful. The youth and families that we serve are fortunate to have those that choose to give of themselves to make a difference. The list of programs and fundraisers that the TTCC offers throughout the year is endless and we are so thankful to live in such an amazing community where we can work with great people to provide the many programs and events that we do.

That being said we could not do any of this without the support of our very generous donors. Your donations have a direct impact on the Youth of our community.

With your help we are able to offer a daily after school program that provides a caring and active environment in which they can thrive. You allow us to give every child the opportunity to play a multitude of sports programs throughout the year. It doesn’t matter what their skill level—everyone gets to play!

With your help we provided programs for 890 individual youth and over $21,000 in scholarships for families in need. You allow us to offer 9 weeks of summer day camps with outdoor education, swimming at Wellington State Park, field trips to places like Mt Washington, an overnight on the USS Massachusetts in Battleship Cove and Zip Lining at Gunstock. They are challenged, supported and valued in all of their experiences.

You help us to teach our children the value of volunteerism by giving them opportunities to make a difference in their community. With your help we have established an active Teen Council that oversees activities for younger children, provides service to community organizations and raises funds to help with special projects.
